Ron Kresha

Today, Wednesday, March 14, Ron Kresha announced he will seek the Republican endorsement for Senate District 9 which encompasses Todd, Morrison, Wadena and parts of Cass County.

“As a business owner and entrepreneur, I believe job creation and economic development should be priorities,” Kresha said. “These counties have a solid workforce, conservative family values, and a great infrastructure to attract new businesses and jobs.”

Kresha has been a teacher, CFO, company president, entrepreneur, pheasant hunting guide and volunteer fishing guide for seniors. He is married with five children and has been a resident of Little Falls for 15 years.

“I am humbled to be asked by so many people to consider running for this Senate seat and I am excited to bring vision and economic hope to the communities,” Kresha said. “I believe our government can be more efficient, our communities can attract quality companies and our education strengthened for our next generation.”
